14th International conference on Mobile Ad-hoc and Sensor Networks

December 6-8, 2018, Shenyang, China

IEEE MSN 2018 provides a forum for academic researchers and industry practitioners to present research progresses, exchange new ideas, and identify future directions in the field of mobile ad-hoc and sensor networks. Selected bested papers will be recommended for publication in special issues of several SCI-indexed journals. More details can be found via http://conf.neu.edu.cn/msn2018.

Important Dates:
- Paper submission: September 15, 2018 - October 8, 2018 (Firm)
- Notification of Paper Acceptance: October 15, 2018 - October 23, 2018
- Camera ready due: November 1, 2018 - November 9, 2018
- Conference Registration: November 1, 2018 - November 9, 2018
- Conference: December 6-8, 2018

Topics of particular interest include, but not limited to:
- Ad Hoc Networks
- Vehicular Networks
- Intelligent Sensor Networks
- Urban Computing
- Internet of Things
- Edge and Fog Computing/Networking
- 5G networks
- Cognitive Radio Networks
- Mobile Social Networks
- Mobile Crowdsensing and Computing
- Smart Networks
- Knowledge Centric Networks
- Delay Tolerant and Opportunistic Networking
- Network Security and Privacy
- Artificial Intelligence for Networking and Communications
- Novel Applications and Architectures
